2018 Prices

In 2018 the NSW Government will be launching the Active Kids Program. This initiative will, in effect entitle parents/guardians to receive \$100 per eligible child to contribute to the cost of playing our game.

This is now available for school age children that are in school fulltime up to the age of 18. Parents/guardians/carers will need to generate a unique ID number for each of their eligible children via the Service NSW website using their Medicare Card.

These numbers will be entered into the registration portal at the time of registration.
